

## ACTING AS AN INTRODUCER

Nothing is better than a personal introduction and we want you to benefit from this.

By introducing a new registration to Rentracker, we will automatically add **3 months free** to your current licence period for each and every new registration introduced by you.

When new users register with Rentracker, they are taken to the payment screen and once the transaction is completed and they continue, they are taken to the Rentracker Registration Form.

After filling in all their registration details, there is a section at the bottom of the form where they can select **your name** from the introducer list.

When they submit the form to initialise their new system, **your** Rentracker licence will automatically be extended by 3 months – simple!

There is no limit to the number of new users you can introduce, so if you introduce enough people, it's possible that you could be using your Rentracker system for years to come completely **free of charge**.

If you have any questions, please do not hesitate to contact us. You will find all our contact details on the Rentracker website: <http://www.rentracker.co.uk/contact.asp>.
